AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS)—Almost any election year is enough to bring out the "band-wagon" proposals, and the year 1958 appears to be no exception.

While there admittedly has been something of a recession in business and the federal government is attempting to "prime the pump" through a series of activi-

ties tending toward less restrictions on money, things have been and could get a lot worse.

Therefore, it does not appear feasible at the present time to consider lengthy extensions of employment insurance payments, as has been considered in Washington D. C. President Eisenhower called several governors, including Governor Goodwin J. Knight, to the nation's capitol to discuss the problem with them.

While the economic situation may be much more crucial in some of the states other than California, the unemployment as tabulated by the state department of employment in this state, is not as bad percentagewise as it was in

1950. During 1950, 11.7 percent of California's total labor force was listed as unemployed by the department during the month of February. In February of this year only 7.7 percent of the labor force, the department said, is unemployed. Thus, the state is 4.7 percent better off than it was in 1950.

Actually, there were 449,000 unemployed in California during February, according to the department's statistics. While this total is larger than it has been for a year, it nevertheless cannot be termed as an "unusual" total, for the month of February is historically the lowest employment month of the year. This is the month between farming activities of planting and harvest, and in addition, many industries curtail activities during the winter months.

In California, the payment of unemployment insurance benefits to qualified unemployed extends for 26 weeks. Discussions in Washington between the president and the governors at the conference did not resolve the length of the extensions to be asked, but it can be anticipated little would be accomplished unless the payments were extended for at least 13 weeks. This would give an unemployed individual nine months, instead of six, to find another job.

If benefits are extended, the eventual payment of the bill will come out of the California employers, who now pay all of the tax which builds up the unemployment fund.

Some employers at the present time pay nothing into the fund, because of good employment records. The state already is authorized to increase all payments by employers up to the maximum, if the fund falls below certain levels. And to date, there appears to be no indication that the fund is falling below these levels. Extended benefits, however, would increase payments by nearly a third and in short order deplete the fund to the point where increased taxes would be necessary.

In any event, if the legislative call is opened to unemployment insurance, a hot battle can be expected.

PLACER GROUP TO AID WITH GAMES

The formation of an eight-man Placer County Civic Olympic Committee to aid in the promotion and organization of the 1960 Olympic Winter Games at Squaw Valley was revealed today by Prentiss C. Hale, president of the games organizing committee.

The committee is headed by Roy J. Mikkelsen, Auburn, chairman; and includes William Becholt, Tahoe City; Fred Boole, Auburn; Doulton Burner, Roseville; Ronald

G. Cameron, Auburn; T. L. Chamberlain, Jr., Auburn; Dr. W. A. Erven, Roseville, and Harry Rosenberry, Auburn.

Among other duties, the Placer County group will assist the organizing committee with the reception and entertainment of distinguished visitors; the planning of such civic affairs as banquets, balls and parades, and the appropriate decorations for streets and buildings.

TAHOE TRUCKEE SCHOOL NEWS

Truckee Elementary KINDERGARTEN: Margaret McLane gave a very interesting report to the class on what she saw

in Death Valley. She spent several days there last week with her family, the Victor McLanes. Deborah Jo Wurst has joined our class. She is a transfer from Colusa. Her father, George Wurst, is employed by the department of fish and game here.

FIRST AND SECOND: Class officers for March were: presidents:

Jeffery Jellin and Kenny Bretthauer; vice presidents: Brian Smart and Judy Ingalls. We all learned the poem "Over in the Meadow." Then we copied it into a booklet and drew illustrations for each verse. We studied punctuation also in connection and the following people did outstanding work: Shirley Davis, Karen Sauby, Wilbur Glenn, Judy Ingalls and George Francischini.

Michael Davis brought a world globe to school for us to study. We are learning much about the countries, oceans, etc.

SECOND AND THIRD: We are very happy to have Susan Schuler back with us.

Our first attempts in creative writing have been gratifying. Each child had interesting ideas which were well expressed.

We have been experimenting with the primary colors to find which ones we combine to make secondary colors. Those having their results displayed on our bulletin board are Darlene Doolittle, Mary Ann Moore, Ronnie Walker, Bruce King, Marion Ayala, Bill Rose, Dennis Crandall, John McGlade, Diane Daly, Bobby Goldsmith and Phillip Ridsen.

THIRD: Our star spellers this week are: Bill Waters, Cherie Comola, Dennis Richards, Heidi Euer, John Collier, Johnny Hiatt, Kathryn Braasch and Russ Glenn.

A new boy in our class comes to us from Texas. He is David Derting and we are glad to welcome him.

Sandy Miller is still absent from school. We hope she will soon be healthy again.

FOURTH: Fourth graders R. Ralphs, B. Saarni, C. Trainer, L. Digesti and D. Douglas certainly deserve praise for outstanding work in spelling this week. In arithmetic J. Besio, S. Borden, L. Digesti, D. Douglas, C. Hamilton, C. Hintz, A. Morey, J. Randall, C. Rhoades, B. Saarni, M. Straub, J. Sturcke, C. Trainor, T. Gonsales and L. Davis scored grades of 90 percent or better. Picking their own questions in social studies, the pupils experienced difficulties in answering at their usual level of performance. However, C. Hintz rated an outstanding for his work. Grammar was used extremely well by C. Ayala, D. Ellis, R. Ralphs and C. Trainor. We are happy to have new members in the class (now totals 35—20 boys and 15 girls).

The new pupils are Tom Butrick and Rita Sauls. Connie Rhoades left for a vacation in Texas.

SIXTH: A final review test on fractions was given Friday. The following received 100 percent: Leilani Braasch, Kary Kielhofer, Susanna Sciutto, Candy Young.

Committees are working on projects about Brazil and related products of South America. Jim Randall and Rose Merica are making a map showing air routes to and from Brazil. A group of boys and girls is making pottery vessels. Roy Barnes and Zeke Romo are making and illustrating a product map of Brazil.

Tahoe Lake School KINDERGARTEN: Star papers were done this week by Sally Starratt, Peter Sutton, Mark Wuthman, Colleen Howard, Debra Stark, Laura Hoxsie, Christina Keehn, Jeanne Albin, Becky Yeager, Melinda Bechdolt, Jeanne Jones and Dan Dempsey.

FIRST AND SECOND: The first grade has made some very interesting free designs with color. We have them on display on the hall bulletin board.

We are very happy to have one touch of spring in our room this

HARRY HOOPER TO BE CANDIDATE FOR JUDGE AT TAHOE

KINGS BEACH — Harry S. Hooper, newcomer from Marysville and Yuba City has announced his candidacy for Judge of the Tahoe Judicial District in the election to be held June 3rd.

Hooper is a native of Fresno but has resided in Yuba City since 1934. He recently purchased the Woods Motel on the North Shore, together with other properties and will make his permanent home here with Mrs. Hooper and his three children.

Born in Fresno, in 1908, he is a graduate of the University of California with a degree in pharmacy. He originated the Payless Drug Stores in California; the original store opened in Marysville in the Spring of 1934. He operated ten stores in eight California cities until his retirement and sale of the chain in 1949.

On February 1st of this year, Hooper qualified before the judicial council of the State Supreme Court, and was certified as a qualified candidate.

With a background of note in business administration, law, and civic activity, Hooper is an outstanding candidate. In his words, "If your judiciary in the community is handled at a high level I sincerely believe that it has a profound effect on all community activities, civil and social. Dignity and ability is needed - each case should be handled on its merits - not on who you know, or by any group or individual."

Hooper has an enviable war record and received many awards for combat duty in the South Pacific.

He is active in civic and community affairs and has been associated with numerous organizations.

Hooper is past president of the Kiwanis Club, Yuba City, past commander of the American Legion Post at Marysville, president of the Sacramento Valley military affairs committee for two years, senior inspector for 23 years of the state athletic commission, member of the Tahoe Council of Boy Scouts and the Rotary Club, V.F.W. and American Legion at Brockway.

STATE EMPLOYEES IN AREA URGE HELP FOR CHANNEL SIX

California State Employees Association chapters in 15 counties in central California are helping provide a special public service. TV Channel 6 in Sacramento, which has been organized as a non-commercial, educational television outlet, has not yet collected all the funds necessary to go into operation. The CSEA chapters in the reception area are launching a drive to help Channel 6.

P. O. Hughes, president of Donner Chapter, points out that the eastern slope of the Sierra will probably be in the fringe area at best, but that he or chapter secretary John Patterson would receive contributions for Channel 6.

The advantages of educational TV have been endorsed by dozens of school and college organizations in the area. The station will be controlled by the contributors who elect a board of directors. The Ford Foundation has subscribed \$100,000. This is half of the amount needed for operation and most of the balance has been raised. Contributions are deductible for income tax purposes, Patterson said.

The disadvantages are that this will be fringe reception area, and that contributions must be received by Hughes or Patterson before next Monday.

Sentenced to Jail

Stanley Otto Mown, 58, San Francisco, arrested by sheriff's officers here on a charge of drunk driving, has been sentenced to 75 days in the county jail in lieu of a \$368 fine.

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

On Vacation

Have received a card from Fern Schlueter from Palm Springs where she is enjoying a vacation in the sun. Although the weather is delightful and the relaxation much needed, Fern says she will still be happy to get back to the lake and her friends.

Visiting Here

Visiting the A. M. Andersons this past week were Mr. Anderson's brother in law and sister, Mr. and Mrs. Frank Gunter of Missoula, Montana. The couple spent some time with Red and Anne golfing in Hemet before coming up to the lake, and left for home Monday after an enjoyable visit.

Dinner Party

Martin and Barbara Spitsen entertained friends for dinner the other evening. The guests included Buelah and Floyd Carnell, Red and Anne Anderson, Marie and Joe Henry, Mr. and Mrs. Frank Gunter, Kathleen Starratt, Mrs. Dorothy Potter and Jeanne and Martin Spitsen. The get together was the windup for the group who had enjoyed so much golfing, sunshine and fun at Hemet the weeks previous.

Pine Car Derby

Many spectators turned out for the Pine Car Derby put on by the Cub Scouts. It was a thrilling spectacle for the parents and Cubs and the parents were enthusiastic in their cheering. Each boy worked hard and was proud of his car. Although there were only three winners, good sportsmanship prevailed. The winners were Warren Moyer, first; Dick Nielsen, second, and Barry Bradley, third.

Selling Tickets

Tickets for the Scout Circus to be held April 26 at Grass Valley are now being sold by the Cubs and Boy Scouts of this area. Although very few from this area will be likely to attend, they have been very generous so far in the purchase of tickets from the boys. Scoutmaster Ken Marvin and Cub Master Chris Burmer would like to thank everyone for their support of the boys.

Bay Man Expires

Vernon Lewis Weill, 50, a resident of Richmond, who was vacationing with his family at Tahoe suffered a heart attack and died Saturday. The body was taken to Colfax by Coroner Francis West.

RESOLUTIONS FOR IMPROVING FIRE DISTRICT PASSED

TAHOE CITY — The board of fire commissioners of Tahoe City Fire Protection District, meeting at the home of Board Chairman Harry Johanson, the evening of March 20 passed two resolutions for the improvement of fire fighting facilities.

The first resolution called attention to the recent annexation of outlying territory, declared the public interest and necessity of adding another fire truck to the equipment and approved plans and specifications for the planned purchase.

Fire Chief Al Henry presented the nine pages of specifications for the piece of equipment necessary for protecting life and property in the three annexed areas where there are no standard sized fire hydrants and water mains under the size recognized by the board of fire underwriters of the Pacific.

The second resolution called for sealed bids on the purchase of the fire truck. The bids are to be opened on the evening of April 30th at Tahoe Community Hall.

Another matter discussed at the meeting was, an addition to the fire house to house the new equipment and ways and means for financing the two projects roughly estimated to cost \$35,000.

The fire district as declined since annexations was roughly estimated by a Placer County official to have an assessed valuation of four and one half to five million dollars and that was two years ago when annexation proceedings began. C. W. Vernon, clerk of the board of fire commissioners, advised the board that definite valuations will not be available until about August 1st,

that the law provides for adopting the final budget a month earlier and that a very conservative figure on assessed valuation should be used to determine the amount that can be expected by taxation in the 1958-59 budget that will not be available for use before January, 1959.

Should a contract be awarded

on April 30 when bids are opened, delivery cannot be expected for at least three months because of special construction. The Commissioners expect that before that time they will have negotiated a loan to at least be able to make a payment. It is hoped to finance the addition to the fire house entirely by a loan payable yearly.

Better ELECTRIC Service

Keeping electricity on the lines, in all kind of weather is a big part of our job.

But - another part of it is to plan ahead - and build ahead - so you'll have electricity in the future, where you want it and when you want it.

That's why we are constantly looking into the future -- figuring your growing power needs -- and then digging the holes, setting new poles, stringing bigger wires -- to keep the magic of electricity at your fingertips, today and tomorrow.

Our school carnival, Fantasyland, was a big success this year. Many people came out and the booths made quite a bit of money—\$663.20 in fact. The attendance of local parents and other adults was certainly appreciated by the whole student body and especially by the annual staff. All the money earned by the concessions will be donated to the fund for the yearbook. As one of the sophomore booths made the most money, the sophomores will have priority in

the lunch line for two weeks.

The end of the third quarter has come. Just think, kids, school is almost over for the year. It seems as if this school year has gone by so fast! In a few weeks graduation will be here and the class of 1958 will start out on its own. TNT will miss the seniors very much.

We are playing Quincy there Friday in the first baseball game of the Wolverine's season. The whole school will be rooting for the team, even though we won't be able to see the game. Come on, Wolverines, you've got to win!

SUMMIT SCENE

by FRAN COUILLARD

We are not stepping on Strictly Strickland's toes when we say "Hello again!," We are not a skier and altho' we serve as an official on various and sundry skiing events, we cannot tell a split second from a split hair. A Christiana brings a vague thought that it might be a girl; a stem is something attached to a posey; the mention of a kick turn makes us look behind us quickly; an ordinary turn conjures a dizzy feeling. The ecstasy occasioned by the mention of "powder" makes us gasp as we envision being drowned in drifts of whipped cream; while "Spring corn" chases us to the valley below where we buy a hunk dripping in butter. This is not a biography nor an analogy of my inner workings—it is merely a summing up of our athletic prowess so that we may make the following statement without reservations—the statement, to wit: Strictly Strickland, being a skier and an advocate thereof can give you all the reports of skiing with all of the wonderful words connected therewith—such as "downhill," "slalom," and those used in the above apology—and we know that he is qualified to give you that infinitesimal split second right down to infinity! We intend to take up where we left off with that folksy, homey, gossipy stuff that abounds in a small community and reacquaint you with Summit Scene and the folks that make it up—some old residents and many new ones.

So logically, we'll start out with the oldest of the resorts in our skiing strip—namely, the Soda Springs Hotel. Here we mention the new owners, Bill and Dorothy Cannon who hailed from Lake Tahoe. Co-partners are diminutive Olga and husband, Vince Lyddane—also daughter Barbara, who makes a new addition to the Donner Trail School. Olga and Vince are from Redwood City where Vince left the position of chief operating engineer of the S&W plant. These young people opened up this old-

BRAKING DISTANCE—Most persons realize that the faster they drive the greater distance it takes to stop, but few drivers know just how much braking distances increase as speed goes up, reports the California State Automobile Association. Under normal road and weather conditions, at 30 mph, the average braking distance is 45 feet, but at 60 mph, braking distance jumps to 206 feet. So remember, as speed goes up, proportionately increase following distance between your car and the one ahead.

est of skiing resorts around Christmas time and on March 12 augmented their holdings with a bar license. Operating their coffee shop and dining room also and, admittedly novices in the hotel business, they are very very busy people. It is our observation that they are doing right well! They meet, greet and adieu with the savoir faire of the experienced inn keeper. Met a number of old friends there including skiing Paul Fontana and party of the Gang Plank in San Francisco. Busses parked in front of this old establishment told us that a group of Catholic graduates from Palo Alto and Menlo Park and a group of 20 boys from Ukiah swelled their weekend business. Elmo Mariano, changeless, operates his Beacon Hill Lodge at full capacity and with "control" of old employees who include Ole Ajar, Dorothy Carpenter and skiing Wynn Killian on the dispensing plant. When we announced to Elmo that we were doing the "Summit Scene" again he didn't have much time to listen as he was preparing a small buffet for a wedding party, the culmination of a mountain romance which was starring Bud Wickert of San Jose (on the Soda Springs Ski Patrol) and Jackie Mills of Sacramento, connected somehow with the new Sacramento Inn. Foss Weeks, well known in this area and in the public relations department of Channel 10 TV, was the best man and with this private party in the offing, we took off only after learning the busses parked in his front yard held Boy Scouts of Explorer Troop No. 52 from Guerneville Park and the San Jose International Business Machine Skiing Club—who incidentally, are returning to Beacon Hill in Easter Week. Gabbings and vacationing at Beacon we met Peggy Slauson and Mary Merschen of Palo Alto and San Francisco—perennial guests. Oh, yeh, Lodi Ski Club group were milling around, too.

Down the strip and back to our stamping grounds we invaded Donner Summit Lodge with our note book. Here we met Bud and Gladys Grow with daughter, Trudy—an other addition to our Donner Trail school: say hello to Tommy Lou and Clyde Burke; and I'm introducing also George and Henrietta (Henry) Gangler. Part and parcel of this menage is Clyde and Betty McCurry (chef and wife). Saw a lot of our old friends including Ray Gallagher and party and the Marin Ski Club group which rent the large cabin back of Donner Summit Lodge. All of these busy owners were cleaning up the debris from a busy Saturday night's party.

We'll pull off the road for a minute and back track to Soda Springs Ski Corporation. Got a glimpse of a very beautiful gal and it took us a few minutes to identify Nancy Williamson, whom we hadn't seen

for a couple of years. And we're not kidding! Old timers will remember when we chose pretty little Nancy (at that time about six years old) as the queen of our Donner Trail Memorial Race. The same year she was runner up for queen of the old Truckee Dog Derby, too! The promise of her baby beauty has surely been fulfilled. And if you have trouble identifying her—she is the daughter of Max Williamson of Soda Springs Ski Corporation. But that isn't the reason we backtracked. We were seeking information on a fabulous party held at the Snowflake down in that region. Seems as how the party was inspired by Paul Morant who, in Swiss attire, dubbed it "The Alpine Night." So successful was this wing-ding that it is to become an annual. Hosts were the Soda Springs Ski Patrol. Food, so far as we can gather, had all of the hard spelling names of Swiss and German dishes and we learn that the party was attended by about 50 persons. Freddy (somebody) from Sacramento, played the squeeze box and we understand that guests contributed to the entertainment with exhibitions of cha-cha and rock-n-roll—the old fashioned jitterbug and the likes. Community singing filled up the last hours of the soiree. Peeking through the window we noted the Bueks, Max Williams and family, Barbara Zorich and others. Anyway Alpine Night is now initiated and will become a must each season.

In spite of lots of snow, everything was running on the Hill—the rope tows, J-bars and chair lift. The corporation of Williamson, Reams and Kelly—all with families who give their papas a boost, were busily engaged, with Edvi and Betty Aro and John Johansen seen in the immediate foreground with their ski classes.

Down in that little village where the Forsters (June and Lee) and the Bueks (Carl, Pic, and Jeannie) run their shops, the cars were tightly parked, and this included many special busses. June was busily seeking to end her busy weekend as she needs must travel to Auburn to prepare daughter Jackie for a trip to Long Beach for a Rainbow Girls convention. Pretty Jackie is associate worthy advisor of the Auburn Chapter. Also we believe that we saw Jackie's picture in the paper as "Miss Blossom" of the area in which she lives.

Bud and Barbara Zorich still are the busy operators of the Zorich Ski Shop and the long line up in that attractive shop was evidence that their annual spring ski sale was under way with a vengeance. Crest Lodge hasn't changed hands either. Many bus loads of kids keep that place lively.

We know that we have left out a lot of this our first report in two

Hillings Urges Parents To Report Foul Books

WASHINGTON — Rep. Pat Hillings of California has urged parents of teen-agers receiving direct mailing circulars advertising or promoting the sale of pornography to send the material to their local postmasters for forwarding to the postoffice department in Washington, D.C.

Hillings, a member of the house committee on the judiciary, is author of one of the bills now pending before the committee that would tighten postal laws and provide stronger penalties for those convicted of using the United States mails to send obscene material.

The Arcadia congressman applauded the drive launched by the Churchmen's commission for Decent Publications, an outstanding inter-denominational protest group, to alert congress to this menace of lewd mail matter.

HOW TO BUILD YOUR HOUSE OF SAVINGS

(with apologies to the 3 little pigs)

You can build your house with straw. (But it may not keep you dry if a rainy day comes along.)

You can build your house with sticks. (But the winds of adversity might blow it down.)

The best way to build your house is with a solid foundation of bricks. (And U. S. Savings Bonds are the best savings bricks you can buy.)

Bonds are solid as a rock—guaranteed by your Government. They're loss-proof, fire-proof, theft-proof—the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe—not subject to market fluctuations.

Best of all, Savings Bonds now pay you higher interest—faster! Every Series E Bond purchased since February 1, 1957, pays you a safe and sure 3 1/2% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

Remember, the way to keep the big bad wolf from your door is to build your house of savings with bricks—the safe and sure U. S. Savings Bond kind.

Start buying Bonds regularly today—on the Payroll Savings Plan where you work or where you bank.

WHY OVER-TAX YOURSELF?

Why pay more income tax than you actually owe? With a checking account at Bank of America, it's easy to keep track of income tax deductions, prove them, and get back all the refund to which you're entitled. It's easier, too, to prepare your return! Just pay all your bills with Bank of America checks and keep the canceled checks when they are returned to you. Then, when tax time comes 'round, those checks show you how much you paid, whom you paid and when. How about opening your own personal checking account at our bank today?

HOW MUCH ARE YOU WORTH?

Figured it out lately? It may be considerably more than you think, and the chances are you could take advantage of Bank of America's Small Trust Service. This unique program, which incorporates all the benefits of a large trust, can be started with as little as \$5,000! The objectives you can accomplish are many: You may establish a fund for your wife or family, an educational fund for your children, gifts for charities and, in some cases, a source of income for yourself. Write or call for our new booklet, "YOUR SMALL TRUST," which will give you the details.

Weather

Sunday 9 a.m. and sunny after a small amount of snow during the past week we certainly had our full share of miserable weather, rain and snow was the dish. The month came in like a lion and stayed that way. Wish spring were here so everything should be to our liking pretty soon.

Guests

The Charrisons and Sorensens were guests of Ed and Mrs. Cooley of Incline during the weekend. Ed tells us they have purchased a nice lot just west of the lot where John Rayburn is building at Incline Beach.

Returned

After a tough 3000 mile drive from Washington, D.C., Doug and Mrs. Free and Lary have returned to their motel, the Dunes in Tahoe Vista. Sure nice to have them back after a whole winter away. They say they kept in touch through the Sierra Sun.

VFW

Pearl Moore announces that the VFW had their election of officers at the Crystal Bay Club March 19th. New officers are Gene Faulkner, commander; Bob Moore, senior vice president; Bob Molsberry, junior vice president; Charles Rich, treasurer; Eddie Liddle, secretary; Bill Dugan, chaplain. A joint installation will be held April 13th at 2 p.m. after which a buffet luncheon will be served immediately following the ceremony.

Shriners Visit

The Al Tahoe Shrine club and ladies traveled to Carson City last Saturday night and dined at the governor's mansion and in the words of Johnny Rayburn, the governor and staff bent over backwards to make the visit a huge success. There were approximately 120 on hand to enjoy the festivities. The visit will be long remembered. Ray Plunkett of the Crystal Bay Club is president of the Al Tahoe Club.

Youth Fellowship

The Senior High Methodist Fellowship recently elected new officers. They are president, Mel Dapp; vice president, Pat Gunkel; secretary, Jo Ann Hooser; treasurer, Barry Graton. The Christian Adventure Fellowship consisting of junior high aged youth, also have elected new officers. They are president, Joanna Johnson; vice president, Arthur Croom, sec-

HOW TO DRIVE

A tip from the AAA's driving guide for adults.

HOW TO GET OUT OF A SKID

A good driver seldom gets himself into a dangerous skid, but it can happen. The AAA's book for adult drivers, **HOW TO DRIVE**, lists these six rules that will help you recover from a skid:

1. Keep yourself under control; don't panic.
2. Don't slam on the brakes; it will only make the skid worse.
3. Keep the clutch engaged or the selector lever in the "drive" position.
4. Keep power to the rear wheels. Lifting your foot off the accelerator suddenly will decrease traction at the rear end. Some expert drivers even accelerate slightly to help get out of a skid.
5. Turn into the skid; if the rear end skids to the left, turn the front wheels to the left. As the car begins to straighten, straighten the front wheels.
6. Don't oversteer. Violent steering into the skid can whip the car into a skid in the opposite direction.

retary, Sandie Farris; treasurer, Kenny Bailey.

Easter Cantata

Friday evening, March 28 at 8:15 p.m. the choir of the Community Methodist church will again present the Easter cantata, "The Atonement," by Sydney H. C. Peters. They are happy to present in the solo role of Jesus, Ross Price, well-known director of the high school music program. Other solo parts will be taken by Alice Price, Elen Templeton, Joy Plunkett, Gene Howard and Earl Langguth. Mark your calendars now for this annual Lenten event.

For or Against

There seems to be a bit of confusion about the coming special election April 8th to determine if we want an airport district for the eastern parts of Placer and Nevada counties. Fred Schultz says that if we do form this district we will be able to exclude ourselves from any other airport venture in the county. Also that none of the present planning is pointing toward the development of a tax supported airport. In fact the opposite is the case. If it should be possible to build an airport without taxes the plan will be considered by the directors, but no attempt will be made to build just to be building. We have already found out that it is wise to protect ourselves from the voters in the western half of the counties by the election of the junior college district. This same thing could happen again. Auburn Chamber of Commerce is continually talking of making the Auburn City Airport, a Placer County tax supported airport. I certainly do not want to pay taxes

DID YOU KNOW...

"IN GOD WE TRUST" HAS APPEARED ON AMERICAN COINS FOR ALMOST 100 YEARS. BUT THE INSCRIPTION WAS NEVER USED ON U.S. PAPER MONEY UNTIL 1957.

A YOUNG GROCER, BUILDING A STORE IN A NEW HOUSING DEVELOPMENT, RAN OUT OF FUNDS. A NEIGHBORING BANK LOANED HIM MONEY TO OPEN UP SHOP AND TODAY HE OWNS THE COMMUNITY'S LEADING SUPERMARKET.

WEST POINT COACH TO AID OLYMPICS

West Point hockey Coach Jack interested are invited to attend. Riley has been named coach of the 1960 U. S. Olympic hockey team.

The selection, made by the newly organized American Olympic Committee, is subject to approval by the overall U. S. Olympic Committee.

Riley, coach at the academy for the past five years, was chosen coach of the year in American college hockey for 1957. He played on the 1948 U. S. Olympic team.

ANNUAL SEAL SALE IS REPORTED DOWN

AUBURN — The Placer County Tuberculosis and Health Association return for the 1957-58 Seal sale in \$593.68 under last year, according to Mrs. Veta E. Owens, executive secretary of the association.

"March 31 is the closing date of the 1957-58 Christmas Seal sale. About half of the letters mailed in November have not been returned," said Mrs. John Robie, seal sale chairman. "Our sale at this time has reached \$11,052.69," she continued, "which is not nearly enough to carry out the program for the coming year."

"The county-wide tuberculin testing program just completed where-in every child of elementary school age was offered a free test, and approximately 8500 children were tested, is a very expensive service and one of the greatest importance to every man, woman and child living in Placer County," said Mrs. Robie.

"Those of you who have not sent in a contribution or otherwise answered your seal sale letter, please do so at once so that it may be received before the books are closed on March 31," concluded Mrs. Robie.

Individual Taxpayer Is Responsible For Figures

No matter who prepares or helps prepare a federal income tax return, the taxpayer or taxpayers signing it are responsible for its accuracy and for being able to prove any claims made in it, Joseph M. Cullen, district director of the internal revenue service, emphasized today.

"This doesn't mean," Cullen explained that we don't welcome the assistance provided by members of the accounting profession, or by the personnel of banks or other offices who regularly assist fellow employees and friends. Both we and the taxpayers so aided should be grateful for such valuable help.

"But neither they—nor our own agents who assist taxpayers by phone or in person at our offices—can do more than accept the taxpayer's own words or records in offering help. So, if the return is questioned later, during more intensive audit than it received on filing, it's up to the taxpayer to be able to prove what he has claimed and entered as the true facts and figures—usually with cancelled checks or other documentary records."

All taxpayers should retain all records which were used in preparing returns until at least three years after the filing deadline of the year in which filed, Cullen pointed out.

AUDITOR IS NAMED BY OLYMPIC GROUP

Stanley S. Spyra will leave private practice April 1 to assume duties as comptroller for the 1960 Olympic Winter Games Organizing Committee, it was revealed today by Robert DiGiorgio, the committee's executive vice president.

Spyra, a CPA, will head the committee's financial department, including the construction accounting property control and budgetary accounting operations.

Spyra lives at San Francisco and was with an accounting firm. He is a member of the Commonwealth and Sierra Clubs, the Economic Round Table, Toastmasters and Lambda Chi Alpha.

Although spring is not yet apparent and snow is, Mr. and Mrs. William Hunter have returned from Lodi and will open Bacchi's Inn at Lake Forest tomorrow and expect an early, busy season ahead.

Mr. and Mrs. Ira Blair who have been away for several weeks are coming back to Kings Beach, from Stockton and are momentarily expected, by their friends.

TELEPHONE FILM IS SHOWN AT MEETING

TAHOE CITY — Twenty-five members of Tahoe City Rotary Club and one guest at the March 18th meeting at Tahoe Inn, were entertained by a movie film describing how television is channeled from one telephone station to another, released to the various TV stations and the power boosted as the program speeds on across the U.S. and over seas. George Selkirk, local manager of the Pacific Telephone Company supplied the film.

Henry (Hank) Aldrich of Lincoln and Tahoe was the guest of Bob Wray, Vice President, Martin Spitsen presided in the absence of President Warren Porter who was out of town.

GETS LICENSE

SACRAMENTO — The contractors' license board announced it plans to issue a general engineering and building contractor's license to Clyde E. Mandeville, P. O. Box 307, Kings Beach, in 20 days, if no protests are received.

Birthdate—

George Kenyon, Jr. celebrated his natal date, March 25, with his family.

FIRST STEP TAKEN TO FORM NEW GROUP

TAHOE CITY—The first step toward the formation of an over-all organization with lake-wide authority for the purpose of coping with problems that affect the entire area, was achieved at the March meeting of the board of directors of the Lake Tahoe-Sierra Chamber of Commerce held at D'Arti's at Tahoe Valley.

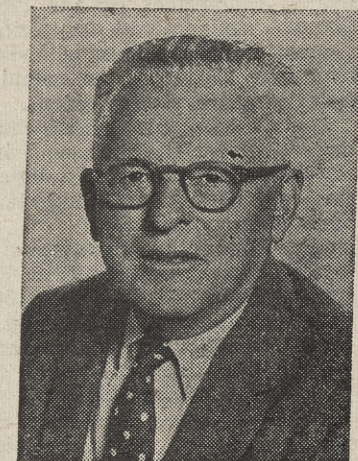

The directors present voted unanimously to ratify the fusing of the Tahoe-Sierra group into the proposed Lake Tahoe Area Council, which will also include the affiliation of the Lake Tahoe South Shore Chamber of Commerce and the North Lake Tahoe Business Association, when these two groups endorse the proposal.

Two new directors were seated at the March meeting, George Selkirk of Tahoe City and Dr. Vernon J. Wall of Tahoe Valley.

A promotional stamp tying in Lake Tahoe with the 1960 Winter Olympic program was endorsed and proposed sketches will be presented for approval at the April meeting.

Mrs. Ed Hellar was a patient at the Tahoe Forest Hospital this week.

Paul Leake Again Will Seek BE Post

PAUL LEAKE

WOODLAND—Paul Leake, forthright local publisher, last week scotched all reports that he had considered making the race for governor or U. S. senator, and announced that he will run for reelection to the state board of equalization.

Leake said he will make a continued drive, in cooperation with other members of the board, to adjust property tax inequities in California.

"Today's skyhigh taxes demand uniform assessment and tax-procedures—a system that is fair to all individuals, and to small and big business alike," he urged.

Leake was with the U. S. Treasury Department as collector of the port in San Francisco before he became a member of the State Board. A Democrat, he was first appointed sworn into office, Leake raised eyebrows by advocating that the State Board be stripped of its liquor control functions and allowed to do the job for which it was originally created—tax administration.

Leake scored the "laxity" of liquor law enforcement and the "unreasonable surplus of gin-mills" in the state. He condemned Artie Samish, then a powerful liquor lobbyist, for blocking legislation to halt "disgraceful liquor traffic abuses."

The backlash of Leake's crusade was the creation of a state liquor department by popular vote in 1954 and sentences of 10 persons, including former Assemblymen Charles Lyon and G. Delbert Morris, to prison terms. One ex-board member, William G. Bonelli, was indicted for graft and defying election laws.

In his first appeal to the electorate four years ago, Leake ran an almost unique campaign. He paid his own way and employed no speech writers or promoters. Today he said he will not vary from that policy this year.

"Yes, I'll beg for votes—but without a monkey and a tin cup," Leake told newsmen. "I don't want to be hamstrung by anyone."

The counties represented by Leake are Butte, Colusa, Del Norte, El Dorado, Glenn, Humboldt, Lake Lassen, Marin, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo and Yuba.

Editor's Note: Not only did Leake carry all 25 counties four years ago, but he also won 91 per cent of all 2,184 precincts. He scored grand slams in Napa and Lassen and in his home county, Yolo, and in Solano, the county of his birth. He nearly hit the jackpot in Plumas, setting for a tie in one precinct. He lost but one precinct in each of Colusa, Glenn and Lake and only two precincts in each of Butte, Modoc, Nevada, Placer, Shasta, Sierra and Yuba.

FIRST RABID SKUNK IS FOUND IN PLACER

Richard F. White, M.D., director of the Placer County Health Department, has announced finding of the first rabid animal to appear in Placer County in 1958. A rabid skunk was found in a basement of a resident about five miles east of Auburn last week. Fortunately there were no humans bitten by it.

ACCUSED HELD ON BAIL

Julius Yancy Boatright, 50, of Williams, charged with a felony drunk driving complaint following a mishap on Donner grade last week which injured his companion, Bill Fewgate, 57, Colusa, was held to answer to the superior court after a preliminary Wednesday at Nevada City. Bail was set by Judge George Gildersleeve at \$1000. Child III—

The young son of Mr. and Mrs. Calvin Farley was rushed to a Reno hospital Wednesday after he inhaled a button which lodged in a lung.

Rainy Auto Tour—Mr. and Mrs. Tony Polyanich returned last week from a four weeks auto tour into San Francisco, Palm Springs, Santa Barbara and other places in the south but were plagued by rain during the entire trip.

DONNER AUXILIARY HAS SECOND MEET

Thursday, March 20, marked the second meeting of the Donner Lake Auxiliary of the Volunteer Fire Department.

Following dinner at tables appropriately decorated with fire plugs and engines and the pinning of members with name badges in the shape of firemen's helmets, cleverly executed by Virginia O'Beir, the business meeting was called to order by President Laura Horman. The many varied suggestions offered for fund raising as well as for fun and entertainment were discussed by all present.

In addition to those attending the first meeting were: Mesdames C. Z. Smith, Spencer Richards, William Davis, Jack Boren, Emery Lander, Dave Tremaine, Robert Affeldt, G. E. Lewis, George Young, Gene Welch, C. St. Claire, and Mrs. Julie Clark.

The next meeting will be April 17 at 7:30 P.M. at Donner Lake Lodge. The Auxiliary wishes to extend many thanks to all those who contributed to the food sale.

Starr Walton Winner

Starr Walton of Sacramento and Donner, won the girls' downhill race of the national junior ski championships at Winter Park, Colorado. Miss Walton is a member of the Far West Ski Association and streaked down the course in one minute, 23.7 seconds.

Four Outstanding Films Feature Donner Program

Patrons of the Donner Theater this week have four outstanding pictures to look forward to.

Tonight Running Target, starring Doris Dowling, Arthur Franz and Richard Reeves, will be on the local screen, followed Friday and Saturday by Elvis Presley in the Jailhouse Rock. The story, combined with Presley's singing, will provide entertainment for all. The story is of a young singer being sent to prison for an accidental slaying, his subsequent release and his struggle to form his own record company.

The Deep Six, with Alan Ladd and a cast of all stars, comes to the Donner Sunday and Monday. Ladd, a destroyer captain during the war. All ends well and the story will be found entertaining and spiced with thrills.

Tuesday and Wednesday, Jeff Chandler portrays a foremost criminal lawyer in the Tattered Dress. She was as cheap as she was rich and as pretty as she was vicious and every guy in town knew the dame in the tattered dress. Chandler is excellent in his court room fight to save an accused murderer in the fast moving story.

Ten Days in Jail

Jess Samuel Davis, 54, Eureka, has been sentenced to serve ten days in jail in lieu of a \$50 fine imposed here after he pleaded guilty to a charge of being drunk around an automobile.

OAKLAND SKI CLUB RACES SCHEDULED

NORDEN—Due to the weather conditions, the first Eagle Standard race of this season had again to be postponed to Saturday, March 29 at the Sugar Bowl.

The Oakland Ski Club will hold its annual junior ski competitions on Sunday, March 30 at the Sugar Bowl. There will be races for all children from sub-kindergarten through high school age.

A big Easter program from April 1 through April 6 will feature a list of events for everyone.

CARD OF THANKS

To the many kind friends and particularly the personnel of the Tahoe Forest Hospital who were so thoughtful during my recent illness, I am happy to take this means to thank all of you.

E. D. SULLIVAN.

CARD OF THANKS

Donner Troop No. 132, Girl Scouts sincerely appreciated the fine cooperation given them by so many friends during the recent cookie sale and wish to thank everyone who helped make it a success.

AT THE FRENCHMAN'S COMMAND A NATIVE SPRANG TOWARD TARZAN TO MASH HIS BODY WITH A SET OF CROCODILE JAWS!

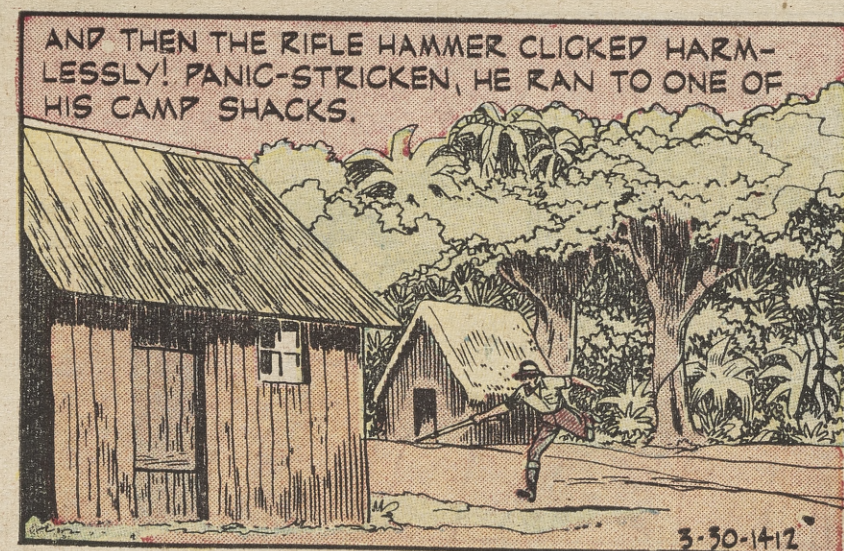

BEFORE THE NATIVE COULD STRIKE, TARZAN REACHED FOR THE BINOCULARS HANGING FROM THE NATIVE'S NECK... A CRY OF SHOCK AND ANGUISH FILLED THE JUNGLE.

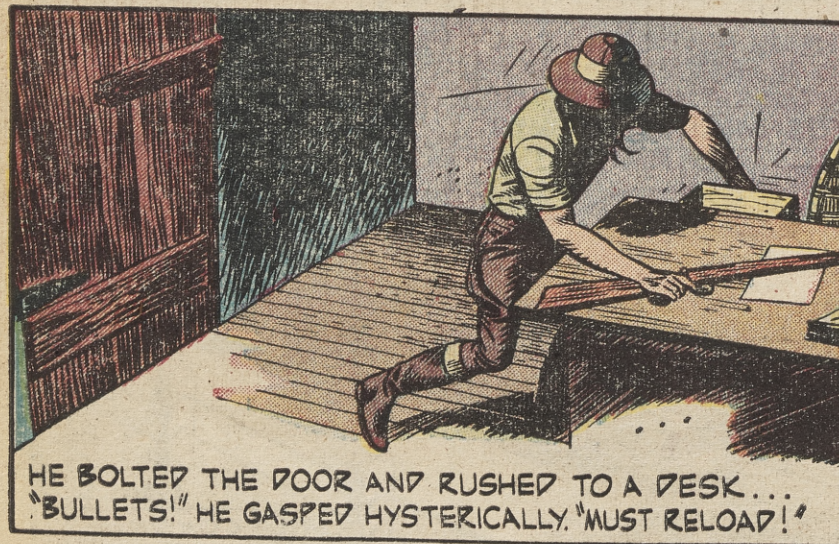

PIERRE WASTED NO TIME HEADING FOR THE THICKET...

HE STUMBLERD ONWARD, FIRING REPEATEDLY WHEN HIS JUMPY NERVES RECORDED SOUNDS OF PURSUIT--

AND THEN THE RIFLE HAMMER CLICKED HARMLESSLY! PANIC-STRICKEN, HE RAN TO ONE OF HIS CAMP SHACKS.

HE BOLTED THE DOOR AND RUSHED TO A DESK... "BULLETS!" HE GASPED HYSTERICALLY. "MUST RELOAD!"

BUT BEFORE HE COULD, THE DOOR WAS SMASHED IN-- IT WAS TARZAN!!
